IS INSPIRED BY THE CLASSIC TWEED FROM THE 50'S

Guitar Amplifier Kahayan Tweed Edulis Head

Kahayan Tweed Edulis Head Amplifier is inspired by the classic Tweed from the 50's.

Its main features are a natural sound at low and medium volumes. And at high volumes maintains the natural hues and with and musical distortion without a loss of quality. It is ideal for recording in studio and live performance. Its 20w is more than enough for 90% stages.

Handmade with high quality components, selected by dynamic and timbral characteristics.

Easy to carry for their weight and size.

SPECS:

- 2 channels with independent volume control. Two inputs. One tone control.
- Tubes: 1 x 6072, 1 x 12AX7, 2 x 6V6 and 1 x 6Z34.
